Introduction

- The School will comply with all accounting policies and requirements of the Authority.
- These Financial Regulations and Procedures set out the duties and responsibilities of all staff and Governors in respect of the financial administration of the School, including the planning and control of the revenue budget and Devolved Formula Capital, the collection of income, and the security of School assets. Summary guidance on individual roles and responsibilities for the Governing Body/ Governors, Headteacher and School Business Officer are included in Appendix 1.
- Financial Regulations and Procedures govern the actions of all staff who have an involvement in the spending or collecting of money or any responsibility for the property of the School. They apply to all transactions even where the spending is fully reimbursable by a third party or where it is covered by any other form of income such as the Private School Fund, Parent Teacher Association or a grant. These regulations also apply to any trusts or subsidiaries that the School may control or operate, e.g. School Fund.
- No payments should be made through the School's financial accounts for any personal or private purchases. Personal items must not be delivered to School address or personal use made of any school contract.
- The overall responsibility for the expenditure of the School's delegated budget and other School finances is that of the Governing Body. The Headteacher should provide budget monitoring reports to Governors six times a year in order to comply with the requirements of the Schools Financial Value Standard (SFVS). An annual Financial Skills Matrices should also be completed by all members of the Governing Body to ensure sufficient financial knowledge and support is available.
- The Headteacher has responsibility for ensuring that all relevant staff, agency workers and volunteers are aware of or have access to these regulations and procedures, understand their requirements and are made aware of any future changes agreed by the Full Governing Body. Should any doubt exist on their meaning, the School Business Officer/Headteacher should be consulted in the first instance and the Authority in the second instance. Failure on the part of any member of staff to observe Financial Regulations and Procedures may result in disciplinary action.
- The Governing Body will appoint a Finance Committee with delegated powers according to the terms of reference agreed annually by the Full Governing Body (good practice to be the first meeting of the Governing Body in the Autumn Term). Minutes of all Finance Committee meetings will be taken and maintained by the Clerk to the Governors. These minutes should be reported to the Full Governing Body with the discussion and approval of the Committee meeting minuted. The Finance Committee should take no decision on any item having financial consequences without first obtaining a financial assessment of the initial cost and any future running costs.
- These regulations and procedures may only be altered subject to compliance with the Derbyshire Scheme for Financing Schools, or in the light of new legislation/regulations as advised by the Authority or to encompass changes in procedure brought about by new

technology. They will be reviewed annually and kept up to date by the Finance Committee with final approval given by the Full Governing Body.

- Governors have a statutory responsibility not to take part in the decision making process relating to any purchase in which they, or immediate family members have a personal or business interest. This responsibility also applies to the School's staff. The Headteacher, in consultation with the Clerk to Governors is responsible for maintaining a Declaration of pecuniary and personal interest register in respect of all governors and **all staff**, to be reviewed on an annual basis.
- The Governors will operate within the guidelines of the School's Code of Conduct when carrying out their responsibilities. The financial and governance arrangements of the School should be compliant with the SFVS which must be approved annually by the Governing Body and signed by the Chair of Governors prior to submission to Audit Services by the 31 March deadline set by the Department for Education.
- It is the responsibility of all staff in cases of suspected fraud, misappropriation of funds, materials or equipment, or any other irregularities, to comply with the School's 'Whistle-Blowing Policy/Confidential Reporting Code': and to report immediately to the Headteacher. The Headteacher/Governing Body must report all such cases immediately to the Authority's Assistant Director of Finance (Audit), Audit Services Unit.

A. INCOME/BANKING

1. The Governing Body is responsible for drawing up a statement of its policy on charging and remissions. The Headteacher in consultation with the relevant School staff shall undertake an annual review of all scales of charges with Governor approval sought for any changes made. Where lettings are also managed, a similar review should be undertaken.
2. The School Business Officer shall take prompt action to collect all amounts due to the delegated budget. All income shall be recorded at the point of receipt in a form approved by the Authority's Director of Finance. Official receipts must be made out at the time of receiving the income and copies retained in School. All income should be banked promptly and intact and the details entered into SAP. Two employees will be present to verify all totals which are to be presented to the Bank. This check should be evidenced by the signing / initialling of the paying in book counterfoil retained in School.
3. The School Business Officer, or if appropriate, the Clerk to Governors will raise invoices for lettings in accordance with the School Lettings policy creating invoices on SAP.
4. Recovery of debt should be pursued where it is practicable and economical to do so, taking into account any reputational damage that may be caused to the School. All supporting evidence must be retained to allow the debt to be pursued, the lack of evidence may result in the original transaction being reversed. Governing bodies are required to determine a policy concerning the writing off of debts, to include a limit appropriate to their size and circumstances. This policy should include levels as in the table on Page 2 for the Governing Body and a lower level for which delegation may be authorised for the Headteacher. Each school must supply a copy of such policy to the Director of Finance and ICT if requested to do so. In the case of larger debts (above the school limit and in any event where the debt is greater than £1,000) the school must consult the Director of Finance and ICT. Outstanding debt should be actively pursued and actioned promptly and

accurately within 6 months of the original posting so that it is correctly reflected in the schools budget, non-compliance may result in the original transaction being reversed.

The standard limit for the School's safe is £1,000 (higher limits can be discussed with the Insurance section). If the safe is accessed using a key then the key must be taken offsite in the evening/weekend. If the safe access is via keycode the code should be periodically changed and when staff with knowledge of the code leave. The periodic changing of the code should be formally evidenced within a log which records the date that the code has been changed and the individual making the change.
10. Where a cheque is accepted as payment it should be made payable to Derbyshire County Council with the School cost centre number recorded on the back.
11. Where the Authority has arranged for a security firm to collect deposits a receipt should be obtained and retained for the current year plus six previous years. The Security Firm's receipt must be attached to the paying in slip and stored securely. Where cash holdings on site are expected to exceed the insurance limit an additional cash collection should be arranged, or a deposit made directly into a bank branch.
12. The use of online payment solutions should be controlled within schools with staff provided with unique user accounts and passwords. Transactions processed by online payments systems should be supported by an audit trail of activities. All payments received from online payment solutions must be paid into the delegated budget. A monthly reconciliation should be undertaken and documented to ensure the amount of money collected agrees to the School's official records. Schools should periodically review user access rights and permissions to ensure leavers have been removed, and new staff added.

1. All School staff shall be responsible for ensuring the proper physical and logical security of all buildings and other assets under their control.
2. No School assets shall be subject to personal use by staff or students without proper authority from the Headteacher.
3. An up-to-date register of all assets used outside the School by School staff should be kept. The staff member should sign the register to confirm both receipt and return of the asset along with the Headteacher or nominated representative.
4. The Headteacher is responsible for ensuring that suitable arrangements are made for the safe custody of keys to buildings, safes, and similar receptacles. Keys to the safe should be taken off site in the evening/weekends.
5. To maintain the security of information away from the school, all mobile devices including laptops and USB devices should be encrypted to prevent unauthorised access to the School's data in line with current data protection legislation. Where the School IT Acceptable Usage Agreement allows the use of USB devices, they can be issued by the school with a log maintained of the staff these have been allocated to.

N. VAT

1. The Headteacher shall be responsible for ensuring that the School conforms to VAT procedures as issued by the Authority (failure to comply could lead to HM Revenue and

Customs claims against the School's budget). Where in doubt, staff should seek guidance from the County Council's Corporate Finance Division.

2. The Council's VAT Officer or their representatives shall have right of access to all records appertaining to VAT. The VAT Officer will also, from time to time be required to visit the School in order to confirm that VAT procedures are being adhered to.
3. HM Revenue & Customs inspectors visit the County Council to carry out inspections. They will include Schools within their inspection and are legally entitled to inspect Schools' records.

O. PROCUREMENT

Tendering

1. Each School's maximum tendering threshold is determined by the following formula:

£10,000 plus 1% of a School's budget (to include Schools Block, High Needs Funding, Pupil Premium, EYSFF and Post 16 funding; excluding rent and rates).

If the calculation of the above generates a figure of less than £40,000, then that is the maximum tender limit for your School. If the figure generated is over £40,000, then your maximum tender limit is £40,000, (applies to Schools with budget / income streams of over £3,000,000).

Schools can have a lower tender limit if they wish (Not recommended to be lower than £10,000).

*limit based on maximum budget size within range, capped at £40,000

2. The School's tender limit is set in the table on Page 2.
3. Schools are advised that, in operating within this increased upper threshold, they should consider:
 - tendering below this if they feel it is of benefit on a specific scheme; and
 - reviewing their internal authorisation limits regularly as part of the SFVS governance framework.
4. Where the estimated value or amount of a proposed contract exceeds the School's tendering threshold, tenders shall be invited by a competitive tendering process. **Schools must follow Public Procurement Law throughout a competitive tendering process. From 28th October 2024 the Procurement Act 2023 and the Public Procurement Regulations 2024 replace the previous Public Contract Regulations.** This means changes in procurement regulation and practices, aimed at bringing about a more flexible, strategic approach to public procurement. School buyers must familiarise themselves with the new procurement rules and guidelines outlined in the Act. This includes the revised tendering processes, evaluation criteria, and contract management practices. The Government have provided a dedicated "Buying for Schools" page that provides more information including Transforming Public Procurement (TPP) training resources, supporting factsheets, and links to getting free help and support with school's procurement.

5. The requirement to go to tender may be waived only by the Governing Body where they are satisfied that there are special circumstances justifying exemption. Such exemptions shall be recorded in the minutes with reason(s) for waiving the tendering requirements.
6. An invitation to tender shall clearly state the closing date and time for receipt of tenders and that:
 - a) The Governing Body does not bind itself to accept the lowest or any tender.
 - b) No tender will be accepted unless it is enclosed in the special envelope bearing the distinctive label supplied with the tender form, properly sealed and addressed to the Headteacher and either sent by post or hand delivered to the Headteacher.
 - c) Proof of posting will not be accepted as proof of delivery if the tender fails to arrive at the address shown on the tender envelope label for the closing date and time.
7. No tender received after the closing date and time shall be considered (any such tender will be returned to the tenderer unopened by the Headteacher).
8. Tenders shall be kept securely in the custody of the Headteacher until the time and date specified for their opening.
9. Tenders shall be opened at one time, which shall be as soon as possible after the closing date and time and only in the presence of three people appointed by the Finance Committee. Those people shall certify a list of tenders received.

10. Acceptance of Tenders

The School will award to the supplier submitting the most advantageous tender. It is not always the lowest price submitted that wins a tender and therefore consideration must be given to price and quality through weighting each criterion as a representative percentage of total importance when issuing the specification as part of the initial tender pack.

A list of tenders received identifying the tender accepted shall be reported to the Finance Committee with the successful tenderer minuted.

11. Alteration of Tenders

Once opened, tenders shall not be altered except that a tenderer may be given an opportunity to correct an error in calculation. When such an opportunity is given the tenderer shall be given no information about other tenders or the likelihood of the tender being accepted.

Further information on approved frameworks, how to buy goods or services and/or run a tender as recommended by the DfE can be found on GOV.UK: [Buying for schools: how to buy what you need.](#)

Quotations

12. Quotations

- a) Where the estimated value of a proposed contract does not exceed the tendering threshold but does exceed the limit set in the table on Page 2, alternative written quotations shall be invited by a minimum of three firms/suppliers considered competent to perform the contract. (It is strongly recommended that where a planned project or purchase is non-routine a minimum of three written quotations are obtained irrespective of the estimated cost in order to demonstrate best value).
- b) The Finance Committee may waive the requirements for quotations below the tender limit where they are satisfied that there are special circumstances justifying exemption. Such exemption shall be recorded in the minutes.
- c) Under normal circumstances the School will award to the supplier quoting the lowest price. It is not always the lowest price submitted that wins a tender and therefore consideration must be given to price and quality through weighting each criterion as a representative percentage of total importance. Any such reasons for accepting a higher quote must be reported to the Governing Body, and be recorded in detail.

Any purchases below the quotation limit should still have three verbal quotes wherever possible.

P. UNOFFICIAL FUNDS

1. The Governing Body has responsibility for the unofficial funds of the School. The Headteacher shall report to the Governing Body on the unofficial funds.
2. The Headteacher shall arrange for a suitable bank account to be opened for any unofficial funds. A minimum of two signatories for the bank account shall be reviewed by the Finance Committee and approved by the Governing Body. The number of bank accounts should be kept to a minimum. Bank accounts must be opened in the name of the School.
3. The Headteacher is responsible for the maintenance of accurate financial records and banking records of all unofficial funds. The School Business Officer will maintain the records on a day-to-day basis with a cash book / excel spreadsheet used to record all transactions so that statements of income and expenditure can be generated at any time.
4. All payments must be supported by vouchers and receipts giving full details of the expenditure and made by cheque or debit card where applicable.
5. All income must be banked intact at least weekly or as the cash in hand exceeds £250 in total with other funds been held in school. (Or approved limit for the safe if applicable).
6. The running of particular activities (e.g. School journeys etc) must wherever possible be operated through SAP Fiori. However, if this is not suitable, Unofficial Funds can be used, and the teacher in charge or School Business Officer should keep a simple account of the money received and spent.
7. The accounts should be prepared to run from 1st September to 31st August each academic year and an annual summarised statement of receipts and payments, supported by the subsidiary records and vouchers, must be submitted for audit. The Governors should appoint an auditor that is independent of the operation of the unofficial funds and should not have had close connections with the fund or been involved in the fund raising activities. The audit should be undertaken annually in accordance with advice issued by

the Authority's Director of Finance. It should be completed within three months of the period end and a signed certificate provided by the auditor that states the accounts represent a 'true and fair view' or include details why they do not. The accounts and the certificate should then be presented to the Governing Body.

8. No payments for overtime to members of staff or for payment of fees to staff for carrying out additional work as part of their normal duties should be paid out of the School fund. Under no circumstances must personal cheques be cashed from the School fund.
9. To provide transparency, summary information should be made available to interested parties with details published on the School's website including the auditor's certificate.

Q. HOSPITALITY AND GIFTS

1. Hospitality may only be accepted where it is of minimal value, with no attached conditions, and there is a genuine need to impart information or represent the School. The acceptance of hospitality must not create a conflict of interest or cause embarrassment to the School. The offer must be reported to the Headteacher regardless of whether it is accepted. If hospitality is offered to the Headteacher this should be reported to the Chair of Governors.
2. 'Token' gifts may be accepted from parents/guardians up to the value of £50. Acceptable examples are calendars, diaries, pens or chocolates. All gifts should be reported to the Headteacher. Gifts worth more than £50 must not be accepted, and you must report such offers to the Headteacher. Any offer of a gift where you suspect that an improper motive may exist must be refused, for example the giver is seeking to influence your decisions or actions and you must report such offers to the Headteacher. This is the case regardless of the monetary value of the offer.

Any gifts from suppliers/contractors to the school itself should be declared and recorded and any over £50 in value reported to Governors e.g., school sports kit. I Pads etc.

3. If it is suspected that an improper motive may or is perceived to exist, i.e. the giver is seeking to influence decisions or actions, the offer must be declined and reported to the Headteacher.
4. In no circumstances should a monetary gift be accepted and such offers must be reported to the Headteacher.
5. All offers of gifts and hospitality should be recorded in a gifts and hospitality register whether these are accepted or declined. Annual review of the entries made in the register should be undertaken by the Governing Body with evidence of the review minuted.
6. Where delegated or unofficial funds are used to pay for staff hospitality e.g. to celebrate an Ofsted success or provide a meal on an inset day, this must be formally approved by the Governing Body with consideration given as to whether it is an appropriate use of funds. The hospitality is deemed a 'benefit in kind' and potentially has a tax implication should the value exceed £50 and as such must be notified to HR Services. A number of exemptions apply whereby there is no tax implication and as such no need for notification. Further information is available on SchoolsNet: [School payroll – HMRC advice regarding P11Ds for benefits provided.](#)

R. RETENTION OF RECORDS

1. All financial records should be retained in accordance with the Authority's retention guidelines, or similar e.g. [IRMS Schools Toolkit - Information and Records Management Society](#) (further information can be found on the LA's Education Data Hub). The majority of financial records should be retained for six years, plus the current year, or back to the previous audit inspection, whichever is the longer period. Certified, paid invoices must be kept for the current year plus the previous six years in a safe, secure environment which will enable easy location and be available for inspection by HM Revenue and Customs (HMRC). Schools using SAP will not retain invoices as they are sent to the County Council where they are scanned and then destroyed as approved by HMRC.
2. Disposal of confidential information and records should be done in a secure manner in compliance with current data protection legislation. If records are shredded using an external company then a Destruction Certificate should be obtained and retained.
3. The School should approve a schedule for the retention of financial and non-financial records. Records held within School should be reviewed annually in accordance with the retention document.

S. EXTENDED SERVICES

1. If a School decides to provide extended or 'wraparound' services these need to be formally agreed and approved in advance by the Governing Body. In addition, a nominated officer should be appointed within the School to manage and coordinate the additional services and ensure that the Governing Body is provided with regular budget monitoring information on the financial position of the services being provided. The extended or 'wraparound' services should be managed in line with the principles of these financial regulations and procedures.
2. To enable the Governing Body to make informed decisions on the effectiveness, an initial projection of income and expenditure plan must be prepared. The plan should include details of all potential 'losses' to the School so that the Governing Body can approve the funding that will be required from the 'mainstream' School budget to support such services. Where the initial funding from the 'mainstream' budget is not sufficient, approval of the Governing Body must be obtained for any additional shortfall in advance.
3. Costs and income should be recorded using the extended services codes:

Extended Services Employee Costs:	111500 – 111515
Extended Services Resources:	146150
Extended Services Income:	231080
4. It is important that on-going monitoring of income and expenditure is undertaken so that the Governing Body is fully appraised on the impact of the additional provision on the School's budget. The financial information relating to extended or 'wraparound' services including any identified losses should be reported on a regular basis, at least 6 times a year, with the agreed actions and approvals formally recorded within the Governing Body minutes.

5. If the above codes are not used, internal monitoring of costs incurred against other codes will need to be performed. Transfers of costs between codes can be actioned in School to simplify the monitoring process.

The Governing Body may delegate some of its responsibilities to Committee. If this decision is taken, the main Governing Body will: -

- Define the terms of reference of all Committees that are in operation.
- Define the extent of delegation.
- Ensure the main Governing Body receives minutes and reports from each Committee.
- Annually review the Committee's terms of reference.
- Ensure there is a formal link between the Committee and other Governors' Committees where decisions of one affect the other.
