Part A: Pupil premium strategy plan

Statement of intent

At Kirk Langley C of E Primary School, we target the use of pupil premium funding to enable pupils to be active and socially responsible. Our curriculum is planned to remove barriers to learning that our children may face. No child is left behind and each child is given support to enable them to have the skills and knowledge to prepare for the next stage. We also aim to provide enrichment experiences through our curriculum offer.

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve the best possible outcomes. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified

adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Writing-to improve provision and attainment for PP children: particularly transcription writing to support their creative writing. In Writing to close the gap between KS1 and KS2.
2	Reading: whilst the chronological reading age is broadly in line, the independence to respond to respond to inference is not as strong for PP children.
3	Attendance data shows that some of the children with pupil premium have a lower attendance (94%) which can affect their attainment and progress in school. Our adoptive children are often late into school and miss out on morning work. This impacts their progress and social skills as they need to catch up.
4	Memory- implement memory strategies that can help children to hold on to more knowledge.
5	Mathematical reasoning – the consistent use across the school for pictorial representation as a means to reason and Prove It!
6	Enrichment – the curriculum beyond the classroom as a driver to engage pupils especially impact on attendance.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Writing	At the end of KS2 66% to achieve expected standard for genre and GPS. KS1 100% in writing.
Reading	At the end of KS2 66% to achieve expected standard for genre and GPS. KS1 100% in writing. In EYFS 100% in reading.
To improve attendance across the disadvantaged children.	Ensure that pp pupils with low attendance stay for home learning club. Children's attendance to be above 97%

Memory	Modelled scaffolded visual support planned and sessions 8.40-9 and 9-9.30 for keep up. Auditory processing games.
Maths	At the end of KS2 66% to achieve expected standard for genre and GPS. KS1 100% in writing.
Enrichment	Children exposed to trips and sports clubs.
