

# RISK ASSESSMENT – EXTREMISM AND RADICALISATION

School:	Kirk Langley Church of England Primary	Risk Assessment No:	1
Signed:	J.L. Stevenson	Date of Assessment:	23.01.2023
		Date of Next Review:	10/9/2023

**Radicalisation** is defined as the process by which people come to support terrorism and extremism and, in some cases, to then participate in terrorist groups.

“**Extremism** is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas” (HM Government Prevent Strategy 2011)

Since the publication of the ‘Prevent Strategy’, there has been an awareness of the specific need to safeguard children, young people and families from violent extremism. There have been attempts to radicalise vulnerable children and young people to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.

Keeping children safe from these risks is a safeguarding matter and is approached in the same way as safeguarding children from other risks. Children should be protected from messages of all violent extremism including, but not restricted to, those linked to extreme Islamist ideology, or to Far Right/Neo Nazi/White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.

Prevent, in the context of counter-terrorism is intervention before any criminal offence has been committed with the aim of preventing individuals or groups from committing crimes.

## Kirk Langley Context

A small village which is expanding in housing development since 2017.

The school has families from the village, surrounding areas and the large housing development at Langley Country Park.

Aims of the Local Parish Council:

These are the strategic aims endorsed through public consultation: ● Kirk Langley will protect and enhance its distinctive character and rich heritage as an historic agricultural village, valuing its conservation area, listed buildings, parkland and its setting within the wider landscape. ● Kirk Langley will keep its village atmosphere, by maintaining and improving opportunities for neighbours to meet and get to know each other and by ensuring Kirk Langley continues to have a strong sense of community. ● Villagers will be connected to each other and to the natural assets of the village as well as maintaining connections to other places, services and facilities ● Kirk Langley will value, protect and improve its natural environment, enhance the ecosystem and minimise the impact of new developments on the surrounding countryside, landscape and ecosystems. ● The needs of Kirk Langley’s community will be met by housing provision which is in scale, sensitive to and reflective of the character and landscape of the parish and also reflecting the limitations of available infrastructure and facilities. ● The local economy will be vibrant and any development will be in keeping with the size, heritage and

UPDATED: 23.1.2023

landscape of the village.
